Hi Cooper,

Thank you for sending over the updated peer review comments. We will need a little more time to address these as we are still working with the Conservation Commission. Unfortunately, we will not have these comments addressed before Thursday. We are respectfully requesting a continuance to the next public hearing with the Planning Board. We are meeting with the Conservation Commission again on October 7<sup>th</sup>. We hope to receive some important feedback during that hearing.

Again, we apologize for the inconvenience & continuations on this project. There's a lot of moving pieces with this one!

Thank you kindly,

**Ryan Vickers, E.I.T.**
