**Subject: Stormwater Permit Application
Water Resource Recovery Facility
242 King Street Reconfiguration Phase
Littleton, Massachusetts, 01460**

Via: Hand Delivery & Email: MToohill@littletonma.org

Dear Commissioners:

On behalf of the Applicant, Littleton Electric Light and Water Department, Goldsmith, Prest & Ringwall, Inc (GPR) is pleased to submit this Stormwater Permit Application. The project site is located at 242 King Street in Littleton, MA, and currently contains an 8-bedroom single-family residence, in-ground pool, shed, and a small walkway. As part of the construction of the Water Resource Recovery Facility, the driveway serving 242 King Street requires relocations. Additionally, the project involves the removal of the existing pool, shed, and walkway, and the construction of a new pedestrian walkway. This Stormwater Permit Application has been prepared in accordance with the MassDEP Stormwater Management Standards as outlined in the Massachusetts Stormwater Handbook, and the Town of Littleton Stormwater Management and Erosion Control Bylaw (Chapter 38).

For any questions or additional information, please contact us at (978) 772-1590 or by email at: bringwall@gpr-inc.com. Thank you for considering this Stormwater permit application. We look forward to meeting with the Planning board at the next public hearing.

Sincerely,

Goldsmith, Prest & Ringwall, Inc

Kalya Iek, Staff Engineer
