

# JACQUELINE M. KELLY

KELLY, Jacqueline ("Jackie") M. Of Hopkinton, MA, December 5, 2012, is survived by her loving husband William Kelly and their children (Will of Dallas, TX, Joseph of Hopkinton, MA, daughter Alison and her husband Stephen of South Boston, MA) and her sister Linda Roberts of Clinton, MA. Jackie was born in Cambridge, MA to her parents Constance and Gilbert Mathews of Littleton, MA. Jackie and Bill married in August of 1980. Possibly Jackie's most important role was as mother of three children; two of whom she brought into the world herself and one who she helped make into a man. Their positive natures and good morals are a direct testament to her style as a mother who was both mentor and best friend. Jackie worked at UMass Memorial Medical Group of Westborough, MA. The joy she brought to the office was only matched by her compassion; listening to patients, getting them to appointments, or preparing them for tests. Jackie will be missed for her gourmet cooking, especially her unwritten recipes. She loved to play a hide the bird game with her son Joe. Jackie loved to travel; she was full of life and always made people laugh with her quick wit and vibrant humor sometimes until their cheeks hurt. Her stories could make you feel like you had been there with her. Jackie loved the rebirth of life that came each spring. To celebrate her life, the family will have a gathering in the spring of 2013. If you would like to participate in the celebration of Jackie's life, please RSVP by January 10, 2013 by sending your email address and mailing address to [celebrate.jackie.kelly@gmail.com](mailto:celebrate.jackie.kelly@gmail.com) or by contacting Linda at 978-368-1522.
