Please note: Health care providers in tiered networks may change their tier at any time. Be sure to verify the tier of the health care provider before receiving services.

HMO Blue New England Options v.4 is a tiered health care provider network. Members in the plans that use this network pay different levels of cost share (copayments, co-insurance, and/or deductibles) depending on the benefits tier of the health care provider furnishing the services. A health care provider's benefits tier may change. Overall changes to the health care providers' benefits tiers will happen no more than once each calendar year. For more information about re-tiering and notices, refer to your Evidence of Coverage documents.
