Good Afternoon Maren:

I had a Zoom meeting this afternoon with Sue Carter from Places Associates and representatives of the proposed project at 2 Monarch Drive. At this time, the Fire Department does not have any issues with the proposed structure. I will be awaiting their Tier 1 drawings as they move closer to securing a tenant. Just wanted to pass that along prior to your meeting tomorrow night.

If you have any questions or need another format for my comments, please let me know.

Regards,

**Thomas Clancy**
