****THIS EMAIL WAS SENT BY AN EXTERNAL SENDER****

Dear Planning Board,

Please consider the ecological impact of such a structure on 2 Monarch Drive. This area is already considered Critical Habitat by National Heritage Endangered Species program. There is the IBM property laying abandoned, who not repurpose that site?

You have an obligation to the future of your neighbors to consider the water and air impact this will cause.

Please do not take that responsibility lightly.

Thank you for your time and consideration.

Elizabeth Noonan
