Dear Maren-

Could you read below tonight?

There's been tremendous backlash recently by people of all backgrounds on this disgraceful project.

Cronyism, radical YIMBY'ism & corruption have no place in our town government. It's sad to many a once majestic homestead has been desecrated by the greedy and gauche & is now blighted. It would've sold very well as single family we all know.

What a legacy.

I'm also restating the concerns of an expert about this being built next to wetlands. Who is overseeing this?

Thank you

Kim Mayo
