

**Littleton Historical Commission: Comments submitted to Littleton Planning Board Public Hearing, April 7, 2022 on 550 King Street Redevelopment Plans**

Slide No. 4 of the plans submitted by the developer indicates that the historic Tuttle House will be preserved. The Littleton Historical Commission supports the preservation of this historic structure. Will the Tuttle House remain at its current location? Or would the proposed plans move it to another onsite location, and if so where? Are any changes to the Tuttle House planned? Also, what would the proposed use of the Tuttle House be (e.g., office, residential, other)?

Thank you.

Linda Stein, Chair  
Littleton Historical Commission
