Subject: Springdell Farm

****THIS EMAIL WAS SENT BY AN EXTERNAL SENDER****

To whom it may concern,

I am writing to ask you to support Springdell Farm and to approve their request to the board to expand their business. In the future, as the world changes and expands, being able to resource local food will be vital. With fewer farms and the trend to expand the development of open land, the few farms we have left, local farms are vital and endangered resources.

Please, vote yes to support Springdell.
