Subject: SpringDell Farms

****THIS EMAIL WAS SENT BY AN EXTERNAL SENDER****

Dear Select Board,

An open letter was just published to Nextdoor. I hope one of you or maybe AgComm can work with both farms for a compromise & Ms. Cruz can be issued her special permit or well paid to put the acres in question into conservation.

My cousin owns a farm locally & I agree with John Hanson Mitchell's comments. We must preserve our agricultural heritage and having a working farm as a neighbor is far better than an office park or housing. We often buy food from SpringDell. I avoid the Point. Marion Stoddart tells us ``This land was made for you & me because it was made for us it's up to us to preserve it" (esp. when Littleton has around half the state average of protected open space per our Littleton Conservation Trust Spring 2021 Newsletter).

This is a positive new era in Littleton town govt. Let's make sure this is handled.

Sincerely,

Kim Mayo
