Maren - thank you for taking the time to reply.

This would have already been known when the plans for the site were first proposed for renovations and the pocket park. Why the change of approach now? Moving the pocket park or other designation off-site loses all tangibility to the property. Though I understand the perspective of comfort level sitting in the front yard of someone's property, wouldn't that depend on the design and buffers that may/could be applied? I would like to see alternative recommendations that would include some type of historic designation on-site if a pocket park is too much to bare.

Thank you,  
[REDACTED]

[REDACTED] - The question has arisen whether this is (really) the best spot for public improvements. Will residents visiting the pocket park be comfortable, or will they feel they are sitting in someone else's front yard? Is there another location that would better serve the public?

Setting a bond allows time for discussion of these questions.

Thanks for the question,

Maren

Hi Cooper,

I appreciate your reply.

It has been the plan all along for the memorial plaque and bench to be placed in front of 12 Robinson Road. Why would it possibly be located offsite?

Have a good weekend,

[REDACTED]

Hi [REDACTED]

Thanks for the question. I have attached the "Agenda Item Cover Page" which elaborates on the agenda item. This will be attached on the Town's calendar page for the event soon too, along with the other agenda items. Let me know if you have any other questions.

Best,

Cooper

Hi Maren,

Could you please elaborate on Nov 14, 2024 Agenda Item # 4 (12 Robinson Road - Site Plan Question)?

Thank you,

[REDACTED]
